Activate Product

Open the SharePoint Central Administration and click on the **Products** link in the Vitextra section.

Select the product you want to activate in the list of installed products:

Paste the copied key in the **Product Key** field and click **Activate**:

The screenshot shows the 'Quick Filter' page in SharePoint Central Administration. The top navigation bar includes a settings icon, a help icon, and the 'System Account' dropdown. Below the navigation bar, there's a 'SHARE' button and a search box labeled 'Search this site...'. The main content area is divided into three columns: 'Central Administration', 'Status', and 'Trial'. The 'Central Administration' column lists various administrative tasks like Application Management, System Settings, Monitoring, Backup and Restore, Security, Upgrade and Migration, General Application Settings, Apps, Office 365, Configuration Wizards, and Site contents. The 'Status' column contains the 'Product Key' section, which prompts the user to 'Type in the 25 character license key for the new license' and includes a text input field. Below this is the 'Offline Activation' section with an 'Activate offline' checkbox. The 'Trial' column is currently empty. An 'Activate' button is located at the bottom right of the main content area. The footer of the page reads 'SharePoint Central Administration'.

If activation has been successful, the product status will be automatically changed to Activated.

Note

The activation key of Vitextra product can only be used once.
