Introduction

Vitextra delivers modern, ready-to-use solutions for corporate portals built on **Microsoft SharePoint Online**, **Microsoft 365**, and **Microsoft Teams**. Our products — web parts, apps, and add-ons — extend the platform's native capabilities, save your team time, and improve internal communication and data workflows.

Every subscription-based Vitextra product includes a **free 14-day trial** with unrestricted access to all features, so you can thoroughly evaluate whether the solution meets your organization's specific needs.

Note
